

In our ongoing commitment to meet the needs of our campers who require medication while at Camp, as well as comply with strict state regulations regarding medication dispensing for summer camps, we require parents to complete the following steps if your child will be taking any medication while at camp:

- 1) Complete the online **Health History Form** indicating the name, dosage and timing of each medication your child will be taking.
- 2) Register with **CampMeds** to have all medication taken in pill form to be filled and sent directly to camp in advance of the summer.

**Our policy and procedure for dispensing and administering medicine requires families to complete these steps, otherwise we cannot and will not dispense your child's medication.** Please note that Camp stocks most over the counter items such as Tylenol, Advil, Benadryl, etc., so there is no need to have CampMeds dispense typical OTC items.

#### CampMeds

CampMeds is a pre-packaging medication program founded by a former camp nurse. They have been servicing the camping industry for more than two decades, providing the convenient service of dispensing, packaging, and shipping medications directly to summer camps. Medications that are in pill form are individually packaged and sealed according to date and time of administration. Each individual packet may contain one or more pills prescribed to be given at the same time. This method of dispensing medicine during summer camp helps to minimize potential medication errors.

CampMeds will fill:

- Prescription medication in pill form (daily and "as needed")
- Non-prescription items (OTC) such as allergy medication (daily and "as needed")
- Vitamins (for specialty vitamins/supplements, email CampMeds to confirm they can provide)

The exceptions are: Accutane, dissolvable pills, gummy medication, birth control pills, growth hormone, insulin, injections, and as needed Lactaid.

**We expect 100% participation from families with campers who will need medication while at Camp. Families who do not use CampMeds will be charged a \$150 convenience fee.** The only exception to this procedure is if CampMeds notifies us that they are unable to accept your insurance.

#### **Registration Procedure:**
